## Software Developer

+971 50 584 1932 | nabilahamedtnr@gmail.com  
[LinkedIn](#) | [GitHub](#) | Dubai, United Arab Emirates

### SUMMARY

Entry-level Software Developer with hands-on experience building full-stack web applications using Python, Django, JavaScript, HTML, CSS, and SQL. Proficient in MVT architecture, REST concepts, user authentication, CRUD operations, and relational database integration. Completed a 6-month industry internship and an AICTE-certified front-end program. Strong foundation in software engineering best practices, clean code, and Git-based version control. Currently based in Dubai and available for immediate joining.

### TECHNICAL SKILLS

**Programming:** Python, JavaScript, HTML, CSS, SQL

**Frameworks & Tools:** Django, Bootstrap, Postman, Git, GitHub, VS Code, Cursor, Claude

**Database Management:** MySQL, SQLite

**Core Concepts:** OOP, DBMS, CRUD Operations, API Integration, Authentication, Debugging

### EXPERIENCE

**Python Full Stack Intern** — *QSpiders Training & Development Centre* | Chennai, India Jun 2025 – Dec 2025

- Developed full-stack web modules using Python and Django following MVT architecture and industry coding practices.
- Implemented authentication systems, CRUD functionality, and relational database integration for dynamic applications.
- Designed reusable templates and integrated responsive frontend interfaces with backend business logic.
- Applied debugging techniques and Git version control to improve code quality and maintain modular development practices.

**Front-End Development Intern** — *AICTE IBM SkillsBuild* | Remote Jun 2024 – Jul 2024

- Designed responsive web interfaces using HTML, CSS, JavaScript, and Bootstrap.
- Implemented interactive design components and optimized UI responsiveness.
- Collaborated with mentors to refine layout and improve web accessibility.

### PROJECTS

**AirVoyage — Flight Booking System (Full-Stack Django Web App)** | [GitHub](#)

*Tech Stack: Python, Django, SQLite, HTML, CSS*

- Developed a full-stack flight booking web application with secure user authentication.
- Implemented CRUD operations for flight management and booking workflows.
- Integrated SQLite database for handling users, flights, and booking records.
- Built responsive UI using Django templates with validation logic.

**ShopSphere — E-Commerce Platform (Full-Stack Django Web App)** | [GitHub](#)

*Tech Stack: Python, Django, SQLite, HTML, CSS, Bootstrap 5, FontAwesome*

- Developed a full-stack e-commerce application with secure authentication, password validation, and registration/login.
- Implemented CRUD operations for product management, shopping cart workflows, and order delivery with dynamic pricing.
- Integrated SQLite database for user accounts, product categories, cart items, and delivery orders with ForeignKey relationships.
- Built responsive UI with advanced product search, category filtering, image uploads, and real-time cart management.

### EDUCATION

**Bachelor of Technology (B.Tech) — Computer Science & Engineering**

B.S. Abdur Rahman Crescent Institute of Science and Technology, Chennai, India | 2021 – 2025

### CERTIFICATIONS

- Python Django — Infosys Springboard (2026)
- Python Foundation Certification — Infosys Springboard (2026)
- Soft Skill Development — NPTEL (2024)
- Cambridge English Assessment Test (BEC), Grade B1 (2023)

### ADDITIONAL INFORMATION

**Languages:** English (Professional), Tamil (Native)

**Visa Status:** UAE Visit Visa

**Availability:** Immediate Joining

**Nationality:** Indian
